

# UNCOMMON ALLIANCE. UNCOMMON YOUTH. UNCOMMON RESULTS.

The Victory Project helps area youths find freedom and independence by obtaining marketable skills which will allow them to compete in the workforce.

By undoing the youths isolated experiences, we expose them to the potential of a positive socio-economic standing through our 3E's curriculum; Education, Entrepreneurship & Enlightenment.

## EDUCATION

We offer weekly, individualized homework assistance and tutoring. Our facility is equipped with a computer lab learning center and library.

## ENTREPRENEURSHIP

We launched our own micro-enterprise, Victory Landscape Management, LLC., which our youth and business mentors operate.

## ENLIGHTENMENT

We gather for dinner five nights a week, building a trusting, loving environment, which is reinforced during our weekly Bible studies.

## “How Can I Help?”

We welcome your time, resources, and investment. We believe it takes a life to change a life. In our case L.I.F.E. represents:

**LABOR** - You can provide a dinner once a month, or assist in maintaining our facility, or equipment.

**INFLUENCE** - Share our mission with family, friends and co-workers. The more people who know, the more effective we can be.

**FINANCES** - Our entire budget is based on individual, corporate and family foundations. We've chosen not to pursue government funding.

**EXPERTISE** - Become a tutor, teach a class or join our Board. Your personal and professional experiences can be very valuable to us.
